

- Intelligent Control systems
- Optimal Control system control
- Multivariable Control systems
- Robust Control
- Image and signal processing

Control Engineering

- Reinforcement Learning
- Genetic Algorithms
- Use multi-objective optimization algorithms
- Fuzzy Systems
- Neural Networks
- Evolutionary Algorithms
- Intelligent Control systems
- Optimal Control system control
- Multivariable Control systems
- Robust Control
- Image and Signal processing

Artificial Intelligence

- Circuit design control with AVR
- Industrial circuit design with PLC

Electrical Engineering

Studies and research interests
